Please enquire for current cost

Tour includes,
Return flights to Bamaga, Three nights accommodation, All meals, Entrance fees, Bird Guide, Bird list, Transport

Sample Itinerary

Day 1 : Cairns to Bamaga.

We take the morning flight to Bamaga at the tip of Cape York. Cape York is the only place in Australia where we can see some of the typically New Guinea birds such as Palm Cockatoo, Magnificent Riflebird and Trumpet Manucode.

Day 2 ,3 : Birding around Cape area

We will spend these days birding the Cape area. From the rain forest at the tip through the drier savanna, mangroves and coastal inlets to the south of Bamaga. Special birds include Yellow-billed Kingfisher, White-faced Robin, Northern Scrub-robin, the endemic Frill-necked Monarch and Yellow-legged Flycatcher. We will also visit a heath site for White-streaked Honeyeater. A boat trip to the offshore islands can be arranged provided the weather conditions are good.

Day 4: Bamaga to Cairns.

Early morning birding around Bamaga and then fly back to Cairns.
