Visit various different environments

Basic tour price per person (min 2 people)
A\$305.00(Adult) Special rate for children.

Tour includes,
Accommodation transfers, Picnic breakfast,,
Lunch, Transport and driver, Guided walks

Sample Itinerary

5.30-6am Accommodation pick-up

We will make an early start and head off up onto the Atherton Tablelands where we will start the day at our private site for platypus. Here we will take a picnic breakfast while we watch these fascinating mammals.

Early morning Nature Walk.

Early morning is a great time to take a short nature walk. Many species of birds are most active at this time as the sun hits the trees. Some nocturnal animals may still be active for a while after daybreak.

Fruit Bat Camps

During the day flying foxes get together in huge communal roosts and we will be hoping to see and hear one of them

Kangaroos

We will be visiting a couple of excellent sites for kangaroos and wallabies near Mareeba.

3-3:30 pm: Accommodation drop-off.

Make our way back to your accommodation.

Don't forget to wear covered walking shoes and bring warm clothes as the Tablelands can get surprisingly cold in the early morning.

This tour can be customised. Contact us to set up start times and pickup points or to enquire about other possible add on destinations.
